PERSONAL PROFILE

I am a Software Engineer with hands-on experience in MERN stack (MongoDB, Express, React, Node.js) and strong proficiency in **JavaScript**. Eager to learn and grow, I am passionate about building efficient and scalable solutions. My expertise also lies in C++, C#, Java, and Python programming languages.

PROJECTS

AS-Fit E-Commerce WebApp | [link](#)

Full stack E-Commerce Application (MERN Stack)

UIIT Labs Expert System (FYP) | [link](#)

Real-time Lab Management System (MERN Stack)

Book App | [link](#)

Full Stack MERN

Netflix Clone | [link](#)

React

Food App | [link](#)

Full Stack MERN

Shopping App Backend | [link](#)

Node.js, EJS(Dynamic)

EXPERIENCE

Software Developer Intern | Softwise Solution

Duration: 3 months

Contributed to developing web applications using the MERN stack (MongoDB, Express, React, Node.js), focusing on front-end design with Tailwind CSS and SCSS and back-end development with Node.js and Express. Gained practical experience in version control (Git), database management (MongoDB), and deployment, enhancing technical and problem-solving skills in a professional setting.

EDUCATION

Bachelor of Science in Computer Science

Arid Agriculture University, Rawalpindi

Higher Secondary School Certificate (FSc)

Punjab College of Information and Technology, Rawalpindi

Matriculation in Science

Kay Zed High School, Rawalpindi

SKILLS

- **Frontend Technologies:** React.js, HTML5, SCSS, Tailwind CSS
- **Backend Development:** Node.js, Express.js
- **Programming Languages:** JavaScript, Java, C++, Python, Assembly Language
- **Database Management:** MongoDB, SQL
- **Object-Oriented Programming (OOP)**
- **Data Structures & Algorithms (DSA)**
- **Version Control:** Git, GitHub
- **Development Tools:** PyCharm, VS Code, Postman, Visual Studio Preview
